The Congregation of Cardinals, who were appointed to consider of the Duke of *Savoy*'s Pretension of Nominating to the vacant Abbeys, and other Benefices in *Piedmont*, having decided this Matter in favour of his Royal Highness; a Brief was ordered to be prepared accordingly, but with a Proviso, That the Pope might at any time grant Pensions, payable out of the said Benefices, to any Persons, even such as are not Subjects to the Duke; But upon the Remonstrances which have been made by the Resident of *Savoy*, this Clause is left out, and the Resident had Audience this week of the Pope, to return him Thanks in the Name of the Duke his Master. The Marquis of *Vitelli*, Ambassador from the Duke of *Tuscany*, had his Audience of Leave of the Pope on Sunday last, and he is making his Visits to the Cardinals and other Persons of Quality, in order to his return to *Florence*. The Cardinal of *Bouillon* had Audience also this week of the Pope, from whom he has obtained the Confirmation of the Arch-Deacon of *Strasbourg* (who is his Nephew) in the Coadjutorship of that Bishoprick. The Abbot of *Darmstad*, who is lately arrived here from *Spain*, has likewise had Audience of the Pope. The Negociations for adjusting the Differences between the Emperor and this Court, are renewed with very good hopes of Success, and it's said, the Imperial Ambassador is shortly to have Audience of the Pope. Orders are given to Signior *Pallavicini*, Governor of this City, to place Guards every night in the several Streets, in order to prevent the Disorders and Murders that have of late been very frequently committed here.

Francfort, August 12. The Elector Palatine's Troops, which were marching to *Veteravia* to assist the Count of *Nassaw-Weylburgh* against the Landgrave of *Hesse-Darmstad*, are returned to *Manheim*, and the Differences between these two Princes are in a very fair way of Accommodation, they having agreed to submit to what shall be determined by the Imperial Chamber at *Wetzelaer*. The Elector Palatine having left *Coblentz*, where he has been very splendidly entertained by the Elector of *Triers*, passed the *Mein* yesterday at *Costheim*, at which Place he was Complimented by the Deputies from the Chapter of *Mentz*; And his Electoral Highness continued his Journey towards *Weyheim*, where he intends to pass some time, and from thence to go and reside at *Heidelberg*. We hear, the *French* are drawing together a Body of their Troops near *Landau*, in order to take Possession of *Gemersheim*, *Keiserslauteren*, and *Nieustadt*, unless the Elector Palatine complies before the 15th Instant with the first Payment of the 200000 Livers, which he is to give yearly to the Dutchess of *Orleans* till her Pretensions on the Palatinate be adjusted; But it's hoped this Matter will be adjusted by the Imperial, *French*, and Palatine Commissioners, who are going to renew their Conferences for this purpose.

Our Letters from *Warsaw* of the 3d Instant say, the King of *Poland* continues his Resolution of making a Journey to the Baths at *Teplitz*, and afterwards to *Saxony*, where a Diet is shortly to be assembled, to settle the Affairs of that Electorate.
